

System Administrators,

- Do not apply the same fix twice. Always check the program to be sure that you need the change.
- Check the Creation-Date on your latest diskette. Based on that date, only apply the fixes that have been prepared since then.
- The Delta Symbol represents spaces when they are critical: **ΔΔΔ**.
- Zeroes have a dot in the center as follows: **000000**.

TECH NOTE # 1134, 01/05/04 MED-priority.
DESCRIPTION: CFCOLPER record size not big enough.

TO CHECK: Run Display File Parameters from the Thoroughbred Utilities.
Enter CFCOLPER as the file name name. If the RECORD SIZE is 20, do this fix.
Do this fix if the RECORD SIZE is 20.
From the Thoroughbred Utilities run FILE TRANSFER AND EXPAND on CFCOLPER and expand the RECORD SIZE from 20 to 30.

* ALSO REPEAT THIS TECH NOTE FOR CFPRIPER.

TECH NOTE # 1135, 01/19/05 IOW-priority.
DESCRIPTION: Collection Manager not able to refile from Debtor Profile.

TO CHECK: >LOAD "CAS0310P" ; LIST 5834

BEFORE:

```
05834 IF N7$(17,1)="M" THEN IF LEN(RR4$)>1 THEN GOTO 05836
```

Do this fix if that line reads as above.

```
>EDIT 5834 C [>1] [ AND RR4$(1,1)<>" " ]
```

```
>SAVE
```

AFTER:

```
05834 IF N7$(17,1)="M" THEN IF LEN(RR4$)>1 AND RR4$(1,1)<>" " THEN GOTO 0583
05834:6; REM ESCAPE ; REM --drop down
```

TECH NOTE # 1136, 01/19/05 IOW-priority.

DESCRIPTION: Payment Maintenance, Duplicate Check numbers going into History.

TO CHECK: >LOAD "CAS0539P" ; LIST 3500

BEFORE:

```
03500 READ (1,KEY=Z$,ERR=03510)
```

Do this fix if that line reads as above.

```
>3462 SZ$=Z$
```

```
>EDIT 3500 C [KEY=] [S]
```

```
>SAVE
```

AFTER:

```
03462 LET Sz$=Z$
```

```
03500 READ (1,KEY=SZ$,ERR=03510)
```
