

System Administrators,

- Do not apply the same fix twice. Always check the program to be sure that you need the change.
- Check the Creation-Date on your latest diskette. Based on that date, only apply the fixes that have been prepared since then.
- The Delta Symbol represents spaces when they are critical: $\Delta\Delta\Delta$.
- Zeroes have a dot in the center as follows: 000000.

TECH NOTE # 1160, 08/08/05 **low-priority.**

DESCRIPTION: When using print token 'S1' to prompt. The name-tag is repeated in the value.

TO CHECK: >LOAD "CASLETR" ; LIST 350

BEFORE:

```
