

## System Administrators,

- Do not apply the same fix twice. Always check the program to be sure that you need the change.
- Check the Creation-Date on your latest diskette. Based on that date, only apply the fixes that have been prepared since then.
- The Delta Symbol represents spaces when they are critical: **ΔΔΔ**.
- Zeroes have a dot in the center as follows: **000000**.

TECH NOTE # 1222, 10/09/06 **MID-priority.**

DESCRIPTION: Credit Bureau Requires the Original Creditor. Only needed if Tech Note 1220 was applied.

TO CHECK: >LOAD "CAWMETR2"; LIST 2361

BEFORE:

```
>2361 IF DTDMS="02" THEN LET E1$="MEDICAL DATA"
```

Do this fix if the line reads as below:

```
>2361
```

```
>SAVE
```
