

System Administrators,

- Do not apply the same fix twice. Always check the program to be sure that you need the change.
- Check the Creation-Date on your latest diskette. Based on that date, only apply the fixes that have been prepared since then.
- The Delta Symbol represents spaces when they are critical: **ΔΔΔ**.
- Zeroes have a dot in the center as follows: **000000**.

TECH NOTE # 1243, 05/09/07 **LOW-priority**.

DESCRIPTION: Interest LCC & LPC date selection not working with 19th century dates.
i.e. 1955

re: tech note 1209

TO CHECK: >LOAD "CAXINTER"; LIST 191
