

System Administrators,

- Do not apply the same fix twice. Always check the program to be sure that you need the change.
- Check the Creation-Date on your latest diskette. Based on that date, only apply the fixes that have been prepared since then.
- The Delta Symbol represents spaces when they are critical: **ΔΔΔ**.
- Zeroes have a dot in the center as follows: 000000.

TECH NOTE # 1250, 08/20/07 **LOW-priority.**

DESCRIPTION: Client Analysis by Business-Code extended version not showing the Month & Year correctly.

Call to have the program CAS292BC emailed to you.

TECH NOTE # 1251, 08/20/07 **LOW-priority.**
