

System Administrators,

- Do not apply the same fix twice. Always check the program to be sure that you need the change.
- Check the Creation-Date on your latest diskette. Based on that date, only apply the fixes that have been prepared since then.
- The Delta Symbol represents spaces when they are critical: **ΔΔΔ**.
- Zeroes have a dot in the center as follows: **000000**.

TECH NOTE # 1273, 4/02/08 **LOW-priority.**

DESCRIPTION: Export Facility. Option to select accounts from History not working.

TO CHECK: >LOAD "CAZ0912P"; LIST 7032

BEFORE:

```
07032 IF AH$="ACT" THEN LET AH$="A" ELSE LET AH$="H"
